*Raise/salary data taken from USM Budget Books for various years (USM Libraries). Raise data do not include promotion/administration increments.

¹Malik's salary rose from \$74,754 to \$95,000 with the stroke of the pen that changed his position with USM from "assistant professor economics" at USM-GC to "assistant professor" at USM-H. This represents an increase of \$20,246 in one move, and, although the official data show no "merit raise" for Malik, it's difficult to place Malik anywhere but #1 in the list above. Sources tell USMNEWS.NET reporters that it appears as though Malik is now an assistant professor of *finance* (in the USM-H budget), a move that will come as a surprise to the finance faculty.

²Wittmann is currently the holder of the Draughn Professorship in Healthcare Sales, which is supported by a \$1,000,000 endowment. Thus, Wittmann's actual salary could exceed \$140,000 over 9 months.
