

A Fun Spring Outing

A Good Day On East Bay

Joe Paul and I hit the road yesterday for a great visit to the Mobile area. We met with folks at Daphne High School and Spanish Fort High, had lunch with some favorite alums and attended a terrific alumni gathering last evening. The best part of the trip for me was giving out scholarship awards to students at the two high schools, an impressive group of young people. If they are good indicators of the quality of our entire new freshman class, we are in for a very good year. M.

Wasn't the plane available for this vital university mission?
