

Was Susan Doty "Let Go"?

HATTIESBURG – Examination of the Fall 2009 teaching schedule suggests that CoB economics instructor Susan Doty, wife of former CoB dean/current MGT professor D. Harold Doty, has been “let go” by the Lance Nail administration. As previous reports here at usmnews.net indicated, Susan Doty, or “Ms. Doty” as she was referred to by those recommending her hire (e.g., George Carter, William Gunther, and Akbar Marvasti), was brought into the EFIB during the Doty administration of the CoB, and at an annual salary of \$50,000. This benefit was bestowed upon the Dotys (by the Dotys) despite the fact that Ms. Doty does not hold a terminal degree in economics. In fact, Ms. Doty’s most advanced degree, an MBA from Bryant University, is 27 years old at this point.

The schedule insert above (Fall-09) shows that Ms. Doty is not scheduled to teach any sections of either ECO 101 or ECO 201, her usual course offerings. Her absence at this point will strike the Dotys' pocketbook by \$50,000, a hit that comes only a short time after Harold Doty's salary was reduced about \$20,000 from his April-07 "resignation" as CoB dean. In all, the Dotys' income may have taken a hit in the amount of \$70,000 to \$75,000 per year since mid-April of 2007, just two short years ago. Meanwhile, the same Fall-09 schedule shows that Harold Doty is back on a 3-course, 2-prep teaching load of 9 hours. As one source put it, "... the Mississippi budget is in dire straits, and the Dotys appear to be fully participating in the pain."
