

Dear usmnews.net

Dear usmnews.net,

As a longtime reader and sometime contributor, I would like to offer a new series that I hope will remind us of the precarious position in which Dr. Saunders and her ever expanding horde of administrators and public relations types have placed us. As the editor and other writers have reminded us, tenure, academic freedom and even freedom of speech are threatened.

Let me begin with something I have heard the editor of usmnews.net quote. It is certainly worth considering in this environment of fear and uncertainty.

"The only thing necessary for the triumph of evil is for good men to do nothing."

"When bad men combine, the good must associate else they will fall one by one, an unpitied sacrifice in a contemptible struggle."

- Sir Edmund Burke-
