Dear usmnews.net,

What do you think Dr. Lucas will do with some of Martha Saunders' waste? Will he take steps to rid the University of her overpriced airplane? Will he sell the president's box at The Rock? Will he terminate Mona Amadeo's publicity services? Will he rid the University some of the PR staff on salary at the University?

If the students are expected to pay more in tuition, surely the administration can cut costs, too.
