

*DEAR USMNEWS.NET*

Dear usmnews.net,

Other than the IHL and a few administrators, nobody on campus seems very interested in the identity of the new Prez. The IHL will cram someone down the faculty's throat after a secret search. Stated in IHL-eze, we will be told who the "preferred" candidate is. Whoever will come to campus to smile and be vague while talking about an unspecified "vision" for the future.

With that said, do the folks at usmnew.net have any idea who the new president will be?

Name withheld by request

Dear Name withheld,

We at usmnews.net keep hearing mention of one name -- Frances Lucas. One can almost read the press releases. Daughter of the beloved Aubrey Lucas who has worked diligently by his side while he served as interim ... taking much of the load off his shoulders ... who knows the Southern Miss family better than anyone.
