Dear usmnews.net,

In a Sunday morning The Hattiesburg American article [[Monken: It's my job to win](#)] Coach Monken said he had the following question before taking the job as USM's head coach: "And who am I latching onto? How am I moving my family all the way here for, who? I mean, who's got my back?"

He asked great questions but then ignored answering them. In that light, Coach Monken will be a perfect addition to the "USM family."

Coach, if you don't have the answers to those questions, let me answer them for you. The same people who had your predecessor's, Coach Johnson's, back now have yours.

Good luck, Coach.
