Dear usmnews.net,

Southern Miss fans have followed usmnews.net's reports about [Joye Lee-McNelis](#)' disastrous tenure as women's basketball coach. We can't help but wonder why [other coaches](#) with no worse or better records have long ago been given their walking papers, she continues an eight plus year [reign of failure](#). Yesterday, I saw in the [Hattiesburg American](#) that Lee-McNelis hired a junior college coach as an assistant. The Hattiesburg American talked about the new assistant's winning record. Maybe Lee-McNelis hopes she has [hired someone](#) who can turn the program around. It's pretty obvious she can't.
