Dear usmnews.net,

Word around the CoB is that Mary Anderson is furious over the recent series on her [lack of] research. I don't have first hand knowledge. Since she [Anderson] is generally disliked, people tend to avoid her. What have you heard?

Dear Name withheld,

As previously published here, I had nothing but respect for Mary's father. Gerold Morgan was a fine man. He told me on more than one occasion that Mary was an embarrassment. I have come to appreciate why he said it.
