

## *Dear usmnews.net*

To our readers,

Yesterday one of usmnews.net' readers provided a curriculum vita for Dr. Rodney D. Bennett. usmnews.net reporters are in the process of reviewing the vita. Over the next few days we anticipate publishing the document in its entirety as well as providing analysis of the information.

Unfortunately, the vita is dated 2010. We continue to request that Dr. Bennett, the University of Southern Mississippi and the IHL provide the vita used (at least in part) as the basis for Dr. Bennett's selection as incoming President of the University of Southern Mississippi.
