Dear usmnews.net,

usmnews.net hadn't reported about Donnie Tyndall's departure. So, I have something to say.

When is Southern Miss going to learn its lesson about its sports program? It is always cash

strapped. Not many people attend the games and the few decent coaches who come to

Hattiesburg are using this job as a stepping stone. It saddens me to say it, but I expect Southern

Miss is always going to have a fourth tier sport's program just like it is always going to be a

fourth tier university?
