

*DEAR USMNEWS.NET*

Dear usmnews.net,

There is a disagreement among many of the faculty who read usmnews.net whether the series [President Martha Saunders under Oath](#) is true. Some of us believe that the questions and answers are actually from a deposition. Others say that no one who rises to the level of president of a university (even a fourth tier university) could be that stupid and/or irresponsible. Who is right?

Name withheld by request

Dear Name withheld,

The questions and answers are copied verbatim from Dr. Saunders' sworn testimony.

If you, or anyone else, would like a copy of the written and/or videotaped depositions, just let me know. The transcript can be emailed. The videotaped deposition will need to be mailed because it is a several hundred megabytes.
