Dear usmnews.net,

Any comments on Rod Posey's [former professor of accounting] recent departure?

Name withheld

Dear Name Withheld,

Even though usmnews.net was unable to find any report of Rod Posey's retirement, given his years at USM, we assume he has retired.

As you may recall, Rod's biography claimed he "has published in more than 100 articles in several publications related to many accounting issues". Neither usmnews.net nor its readers were ever able to find Posey's "more than 100" publications. In fact, we managed to identify fewer than ten. However, in celebration of Rod's presumed retirement, usmnews.net once again invites its readership to help us find the missing 90+ articles.
