Dear usmnews.net,

I know the UWF VP [Brown] said Lee [Gore] passed the Florida Bar exam in February 2013. Do you think he may have failed it? If the pass rate is as shown in the report [632 out of 1,587], roughly 60% of the people taking the bar exam failed.

Dear Name withheld,

I don't know if Lee passed the bar exam. However, assuming he did pass in February 2013, I can't even offer a guess why he didn't simply go through the May 2013 induction ceremonies.
