Dear usmnews.net,

A lot of us have read [Message from the President: University Budget Update](#) and wonder why he can't see the obvious: TUITION IS TOO HIGH! WE CAN'T AFFORD IT!! [emphasis in original] Every year the tuition goes up. Every year fees go up. Every year books go up. Every year more money is wasted on a losing football team. If the University cut costs and reduced tuition and fees, I think there would be a dramatic turnaround in enrollment.
