

*Dear usmnews.net*

Dear usmnews.net,

Even though many years have passed since Mary Anderson claimed a prestigious [Accounting Horizons](#) pub, non-accounting faculty continue to giggle behind her back. As you previously reported, rumor has it that some of the non-accounting faculty are STILL trying to work up the nerve to ask her for the citation.

Everyone knows she is a [bad] teacher and an even worse researcher. Why does Southern Miss continue to put up with her

Name withheld by request
