Dear usmnews.net,

My blood pressure goes out the roof every time I read one of the reports about President [Bennett's plane](#). The cost of this one trip to fly Bennett, his wife and kids, and two other people to watch a football game was $\$6,712 \times 5.6 = \$37,587$. My kid's tuition bill this year is \$6,336, and that doesn't include his books and fees. His [Bennett's] little outing could have paid tuition [for a year] for 6 students.

DISGUSTING!
