Dear usmnews.net,

I'm surprised you didn't report on Stephen Bushardt being replaced as chairman of the Department of Management and Marketing at the University of Texas at Tyler. Any thoughts on what happened.

Dear Name withheld,

Don't know what Bushardt was up to at UT-T. However, if Bushardt is up to his old tricks, it can't be good. As many usmnews.net readers recall, he capped his career in Hattiesburg with a drunken assault on his wife, including – according to an affidavit filed by the now former Mrs. Bushardt – threatening to kill her. You may click here for a copy of a contemporaneous [report](#) and Mrs. Bushardt's affidavit.
