

Dear usmnews.net Editor:

When I read the recent re-print of [Built By Englebrecht](#), I was surprised to see that during her 2008 deposition, Mary Anderson claimed an *Accounting Horizon's* publication. I couldn't believe that such a prestigious publication by one of accounting's own would not have been widely reported by the USM public relations mill. So, I went searching for the article. Guess what? I couldn't find ANY *Accounting Horizons* publications by Mary Anderson.

What's going on?

Dear Reader,

Like you, our reporters went searching for an *Accounting Horizons* publication in which Dr. Anderson participated. Like you, they were unable to locate one. If Dr. Anderson or one of her co-authors reads your letter, perhaps they or she will favor us with the name and publication date of the paper.
