Dear usmnews.net,

I looked at WorldCat's Dissertations and found this:

The impact of selective factors related to completing the Doctor of Arts degree at Middle Tennessee State University /

Rodney D **Bennett**

1996

English Book : Thesis/dissertation/manuscript Archival Material xi, 113 leaves ; 28 cm.

The only copy is owned by the TSU library. You might want to look at Cook Library's Dissertations and Theses and see if the full text is available.

How can he ethically be involved in making tenure decisions about faculty with no tenured publications of his own?
