

## Details I

Reports to usmnews.net say that the lack of dean's office oversight to details, especially ones supposedly under the direction of Sonia Gaines-Littles, continue. One example is the continued problem of the marquee by the elevator in JAG. "Finance" is still misspelled after more than half a year and frequent reminders to Sonia. Now, after Leisa Flynn has joined the ranks of Lance's troops as Chair of Marketing and FM, she is not listed as Chair on the marquee; Dave Duhon remains listed as Interim Chair. In short order Dr. Flynn may come to appreciate Dr. Duhon's name on public display rather than her name. Granted these are small issues, but they are indicative of the lack of oversight, lack of concern, and lack of follow-through needed to run an organization successfully.
