Education that gives
you an edge.

Message from the Associate Dean, Division of Business

The Division of Business is an entity that is focused on the mission of developing careers for students. Competing for jobs in today's business world is becoming an ever increasing challenge for graduates. At Phoenix we are in the business of preparing students to be successful in their chosen career fields.

The Division of Business is one of six degree-granting areas at Phoenix. Our faculty members teach courses to hordes of graduate and undergraduate students in numerous sub-specialties of business. We hope you choose to join us.

D. Harold Doty, Associate Dean, Division of Business
