

## God Help UNO, If...

University of New Orleans Peter J. Fos is looking for a Provost. He and [Harold Doty](#) have a history.

Doty left USM in disgrace. Both former Dean **Harold Doty** and former Associate Dean **Farhang Niroomand** “stepped down” at the same time in mid-semester. Rumors abounded but no confirmation of the reasons for the unusual mid-semester resignations of both the Dean and Associate Dean were forthcoming. However, Patty Munn, an instructor in the School of Accountancy, testified under oath that (A is Munn’s answer; Q is attorneys question):

A. He [Doty] resigned.

Q. Why?

A. What I heard was that there was an incident with another professor.

Q. Niroomand?

A. Yes. And he -- and that there was some kind of sexual harassment deal with Niroomand and that Dr. Doty did not follow-up on it or discipline Niroomand as he should have.

You can view Harold Doty in a video on the front page of [usmnews.net](#). Listen to what he says. If you were a donor to a university, how would you feel about Doty’s characterization of your donated dollars being his “booze account”? I’ve donated tens of thousands to universities and I think he’s an idiot. I wouldn’t donate another dime to any institution that hired Doty. I suspect I’m not alone. For more details on Doty’s history at USM run a Google™ search in the custom search box near the top of the [usmnews.net](#) webpage.

Doty’s leadership didn’t last long at [UT Tyler](#), either. [As with USM](#), Doty [brought](#) chaos to his new school.

Could UNO President Fos be interested in his pal, Harold Doty, again? See the following visitor to [usmnews.net](#)
