

2007 Google Scholar Cites in Tourism Management

Google Scholar Citations in Tourism Management, June 2007

Rank	Name	Rank	GS Cites '07	% of Unit Total
1	Catherine Price	Full	13	56.5
2	Cherylynn F. Becker	Assoc	10	43.5

The table above presents 2007 Google Scholar citations data for the CoB's two tourism management faculty. At the top of the list is Catherine Price, a full professor with 13 total citations, which accounts for 56.5 of the unit's total. The only other faculty listed is Cherylynn Becker, associate professor of TM and former Chair, with 10 Google Scholar cites. Though she has been in academia for some time, sources tell USMNEWS.NET that Becker may have recently acquired the new title of *Emerging Scholar* in the College of Business.

For a department that once consisted of Becker, Hallab, Huthinson, Price, Reutzler, Taylor, and Wilson, this group must be barely keeping things together. At just 28.5 percent of its former size, the CoB's TM Department doesn't appear to be a viable entity any longer.
