

Martha's Podium

An Editorial Cartoon Series from USMNEWS.net

In continued celebration of our 100th anniversary, my administration is preparing to trade in the Beechcraft turbo-prop for this centennial Gulfstream G650 to my left. It is more than twice as fast as the Beechcraft, and so Chad has estimated that the cost per flight hour should be less than half as much. We're thinking less than \$400 pfh with this one. To get more buy-in from the students this time around, incoming freshmen will be allowed to repaint it each year, complete with USM logo. It will also be parked outside M.M. Roberts before each home football game so that the children of faculty and staff can sit in the cockpit and have their pictures taken. This should provide faculty and staff buy-in. Southern Miss, to the top!

Martha's Podium is an editorial cartoon series from USMNEWS.net that borrows from cartoons that appeared in *The Student Printz* during the Martha Saunders administration of USM.
