

Nothing Like Sneaking Out of Town

Where'd you go, Skip? Kind of disappeared. What happened? When visiting USM's webpage "About the Director" all the sudden that page says, "Access denied." Just yesterday it reported Skip as Director of School of Accountancy. The gremlins at USM trying to update their webpage after our report yesterday?

Also, Gwen, are you getting paid the \$200,000 salary Skip was paid?

Anyway, Gwen, get that Director's website up. It looks bad not to have your operations running like a professional school.
