**NEWS BRIEF**

**COLLEGE OF BUSINESS PEOPLE IN THE NEWS**

**College of Business dean to retire after 36 years**

*The Ruston Daily Leader*  
By: Morgan Tarpley

Louisiana Tech University has had many dedicated employees throughout its years, including Shirley Reagan, who has excelled during her 36 years on staff and will continue to support the institution after her retirement in May.

Reagan has spent the past four years as the dean of Tech's College of Business but she has been involved at Tech since she began as a student in 1964.

Her involvement has extended beyond her service to the College of Business through immersing herself in extra activities and projects regarding university life and the community.

Reagan worked as a Tech professor for 20 years and between 1990-2002 served as the associate dean and later dean as well for the College of Applied and Natural Sciences. She has participated on more than 30 university committees and professional organizations, has received the Louisiana Tech University Alumni Professorship Award, was elected as an honorary member of the Golden Key Honor Society and won the AAFCS and LAFC Leader Awards in 2002; to name a few of her accomplishments.

She has also been the faculty advisor for the Baptist Collegiate Ministries since 1992 and was selected as a textbook consultant for West Educational Publishing Company and MacMillan Publishing Company.

"I feel like my years at Tech have been just a wonderful journey where I've had opportunities to do so many different things from being a classroom teacher to a dean," Reagan said.

"I couldn't have asked to have a more diverse and more rewarding career."

Done Internet

Could it be true? Might former CoB Dean D. Harold Doty be able to land the CoB Deanship at Louisiana Tech University and, in doing so, get back together with his best friend forever Barry Babin? Time will tell.
