The list above confirms that Farhang Niroomand has made other trips to his native country of Iran, perhaps as an invited guest of the Central Bank of Iran. This website has already reported on an earlier trip to Iran made by Niroomand, one that came at a substantial cost to USM. Also, the Babins (Barry and Laurie) appear in the table a number of times, as do Edward Nissan and Alvin Williams. Finally, we were under the impression that Linda Staniszewski (Instructor of Accounting) retired prior to June of 2005.
