

## Steve?

Has Steve Jackson called it a career as Director of SAIS? Instead of teaching any classes in Hattiesburg, he is only teaching on the Coast. That is fine; that is what he was always supposed to do. When will Steve be in Hattiesburg as Director? Word from the Coast is only for called meetings by Dean Nail. Since Dean Nail said at the Retreat that he will be out of the office even more in the spring semester, Steve can cool his heels out of sight on the Coast. Calls and emails are easy to delay and avoid. Teach a little auditing and a little managerial, and enjoy the Gulf. What about evaluations? The Director search? Scheduling? What about all the other administrator stuff he is getting paid to do? These are all fine questions that have no current answer. Has Dr. Jackson been relieved of command? Stay tuned.
