

## The Three Stooges: Saunders, Giannini, and Johnson

Commenters on BigBoldNation believe they have identified the cause of the current abysmal condition of USM athletics:

Martha D. Saunders

Richard Giannini

Ellis Johnson

"He's (Giannini) the bleeping idiot that is responsible for USM sitting where they are.....with a bunch of unheard of second rate programs. USM had a chance at one time to make strides towards a much better future, .then.. James Greene, and Eustachy set the basketball program back twenty years. Bower was kept around 5 years too long. Hiring the decrepit fool destroyed any chance USM had..... And here we sit today with no leadership, a interim AD and President, a complete and total disaster as the head football coach. A commissioner of the conference ( Banowsky ) that has done absolutely nothing but let things go to s\*\*\*. Im sure he's just waiting for Slive to hire him back. It's a nightmare, brought to you by a gang of incompetent losers. IT IS OVER !.
