Dean Toady has forwarded the grievance in this envelope to us.

How long do we have to rule on it?

That's easy, we're not going to.

What do you mean? The Faculty Handbook says we have to.

What do you need from us, then, Dr. Treelung?

Not much. I just need some place to dump it for a while, maybe a long time.

That's fine. I can have my wife store it in her office across campus for as long as we need.

Thanks, Dr. Nearydom. I knew I could count on you.

What? So, this person will not get due process? .....  
..... Anyone else got a problem with that?
