

## What Does John Clark Do?

What does John Clark do for the CoB?

What does he not do? He does not teach many students. He does not do much with the "Center". He does not publish much. He does not dress professionally for class. He does not stay in his office very often. He is not over-burdened by service activities.

So, what does John Clark do? If you mean other than gripe and complain - not much and not nearly enough. He is a buddy of George Carter. How proud they both must be.
