

## **Part 9.**

**Questions directed to Ombudsman Gordon Claude Cannon at his deposition on April 16, 2010 about his investigation of Professor DePree with the charge of recommending whether to terminate DePree's tenure and employment: Your report [to President Saunders] says that: I feel Dr. DePree has been provided with sufficient university resources. What resources had he been provided that you considered sufficient?**

**Cannon: An office and a desk.**

**According to Dr. Cannon the University doesn't need to provide its faculty with a chair, a phone, paper, a copier, a computer .... (I wonder if all the University provides Dr. Cannon is an office and a chair?) In the meantime, while as many as 100 faculty are facing termination and others who are trying to conduct research, teach and provide service are told an office and a desk are enough resources, Dr. Saunders insists on keeping her private plane.**
