

Three years have passed since August 2007 when Martha Saunders, President of the University of Southern Mississippi first excluded Professor Marc DePree from teaching, service, faculty governance rights, and the College of Business building. Martha Saunders, having been duly sworn to tell the truth, the whole truth, and nothing but the truth, was questioned recently in a deposition in litigation styled *DePree v. Saunders et al.* Keep in mind, by conservative estimate, the costs President Saunders incurred to investigate Dr. DePree and conduct this campaign against his speech was between \$2 million and \$2.5 million in taxpayer money.
